WELCOME ADDRESSES

Χορηγητικόι (Greetings!) Eight years ago, the Air Transport Research Society held its 12th World Conference in Athens. This year, the ATRS is very pleased to be making a return visit to Greece for our 20th anniversary World Conference in Rhodes. We have planned a full day of plenary sessions featuring executives from all areas of the aviation industry, including the airports, airlines and the air navigation system. On the other days, researchers from around the world will present papers in concurrent sessions analyzing key issues in aviation. Given the variety of topics covered, everyone conducting research in the aviation field will find papers of interest. Moreover, and of equal importance, we hope that you enjoy the Welcome Reception and the Gala Dinner, and find time to meet old acquaintances, while building your network with new friends.

This conference is only possible with the hard work of many individuals. I would especially like to extend my appreciation to Dr Kostas Iatrou, Chair, and Mr. Ioannis Stavlas, Vice-Chair, of the conference organizing committee.

Τις καλύτερες ευχές μου (Best wishes)

Professor Martin Dresner
President & CEO, ATRS

Welcome to the cosmopolitan island of Rhodes. For the second time in the 20 year history of ATRS, the World Conference is being held in Greece. We are very excited about the program this year. The conference will offer three plenary sessions on current and critical issues facing the industry, as well as over 40 paper sessions.

2016 marks the 10th anniversary of Air Transport News and the 20th anniversary of ATRS. Over the past decade, ATN, thanks to its readers, has become a leader in the air transport media. ATN can now be considered a key component of the commercial aviation chain.

The World Conference will cover all facets of the aviation industry: airlines, airports, ATC, and aerospace. Moreover, this year, we have the honour of welcoming for the first time to the ATRS World Conference Ms Angela Gittens, Director General of Airport Council International (ACI), as a keynote speaker.

I wish you a pleasant stay
